**RE: URGENT - Proposed Executive Order to Secure Our Elections & Preserve All Election Records**

Dear President Trump:

Attached is a sample Executive Order to make clear that Federal Election Laws must be followed. They will not be ignored regarding the preservation of all documents and evidence related to Federal elections. All election evidence must be preserved, specifically, but not limited to, the ballots, the ballot image copies, and other data copies of ballots made during the course of the elections and election counting process.

The law already demands the preservation of these documents and data, but in many places around the country documents and data are being deleted and destroyed.

Also, the ballots themselves (in a proper secured manner) and verified photographic images of the same ballots must be made available to the public in a timely manner so as to ensure open and transparent elections. This would allow the public to participate and secure an accurate vote count. This participation would be accomplished by the public obtaining copies of the digital ballot images (by portable storage device or online) and performing a recount on home computers. (See Attachment C2)

Nobody, domestic or foreign, can hack hand counted paper ballots, counted and reported from the precincts before they have been removed from the public sight. Our elections are sacred and this E.O. addresses this issue immediately and treats them as such.

**CONTENTS:**

- **Sample Executive Order**
- **Attachment A** - Excerpts from Three Supreme Court Decisions:
  - 1. Right to Vote; 2. Right to have vote counted
- **Attachment B** - Federal Code 52 USC §20701 (preservation of election evidence)
- **Attachment C** - To the President and His Trusted Computer Security Experts
  - Attachment C1** - Diagram 1 (WiFi Vulnerabilities)
  - Attachment C2** - Diagram 2 (Public recount method using ballot images)
- **Attachment D** - Ohio Secretary of State Husted's directive to preserve digital ballot images in Ohio

Thank you for your consideration of this urgent matter.

Respectfully,

WatchTheVoteUSA
